

CHEMED

CHEMED CORPORATION

Results as of September 30, 2014

(Revised December 2, 2014)

Safe Harbor and Regulation G Statement

This presentation contains information about Chemed's EBITDA, Adjusted EBITDA, EBIT, Adjusted EBIT, Adjusted Net Income and Adjusted Diluted EPS, which are not measures derived in accordance with GAAP and which exclude components that are important to understanding Chemed's financial performance. In reporting its operating results, Chemed provides EBITDA, Adjusted EBITDA, EBIT, Adjusted EBIT, Adjusted Net Income and Adjusted Diluted EPS measures to help investors and others evaluate the Company's operating results, compare its operating performance with that of similar companies that have different capital structures and evaluate its ability to meet its future debt service, capital expenditures and working capital requirements. Chemed's management similarly uses EBITDA, Adjusted EBITDA, EBIT, Adjusted EBIT, Adjusted Net Income and Adjusted Diluted EPS to assist it in evaluating the performance of the Company across fiscal periods and in assessing how its performance compares to its peer companies. These measures also help Chemed's management estimate the resources required to meet Chemed's future financial obligations and expenditures. Chemed's EBITDA, Adjusted EBITDA, EBIT, Adjusted EBIT, Adjusted Net Income and Adjusted Diluted EPS should not be considered in isolation or as a substitute for comparable measures calculated and presented in accordance with GAAP. We calculated Adjusted EBITDA margin by dividing Adjusted EBITDA by service revenues and sales. We calculated Adjusted EBIT margin by dividing Adjusted EBIT by service revenues and sales. Adjusted Diluted EPS is calculated by dividing Adjusted Net Income by the number of diluted average shares outstanding, and Diluted EPS is calculated by dividing Net Income by the number of diluted average shares outstanding. A reconciliation of Chemed's net income to its EBITDA, Adjusted EBITDA, EBIT, Adjusted EBIT and Adjusted Net Income is presented in appendix tables located in the back of this presentation.

Forward-Looking Statements

Certain statements contained in this presentation and the accompanying tables are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The words "believe," "expect," "hope," "anticipate," "plan" and similar expressions identify forward-looking statements, which speak only as of the date the statement was made. Chemed does not undertake and specifically disclaims any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. These statements are based on current expectations and assumptions and involve various risks and uncertainties, which could cause Chemed's actual results to differ from those expressed in such forward-looking statements. These risks and uncertainties arise from, among other things, possible changes in regulations governing the hospice care or plumbing and drain cleaning industries; periodic changes in reimbursement levels and procedures under Medicare and Medicaid programs; difficulties predicting patient length of stay and estimating potential Medicare reimbursement obligations; challenges inherent in Chemed's growth strategy; the current shortage of qualified nurses, other healthcare professionals and licensed plumbing and drain cleaning technicians; Chemed's dependence on patient referral sources; and other factors detailed under the caption "Description of Business by Segment" or "Risk Factors" in Chemed's most recent report on form 10-Q or 10-K and its other filings with the Securities and Exchange Commission. You are cautioned not to place undue reliance on such forward-looking statements and there are no assurances that the matters contained in such statements will be achieved.

***ROTO-
ROOTER***®

**PLUMBING &
DRAIN SERVICE**

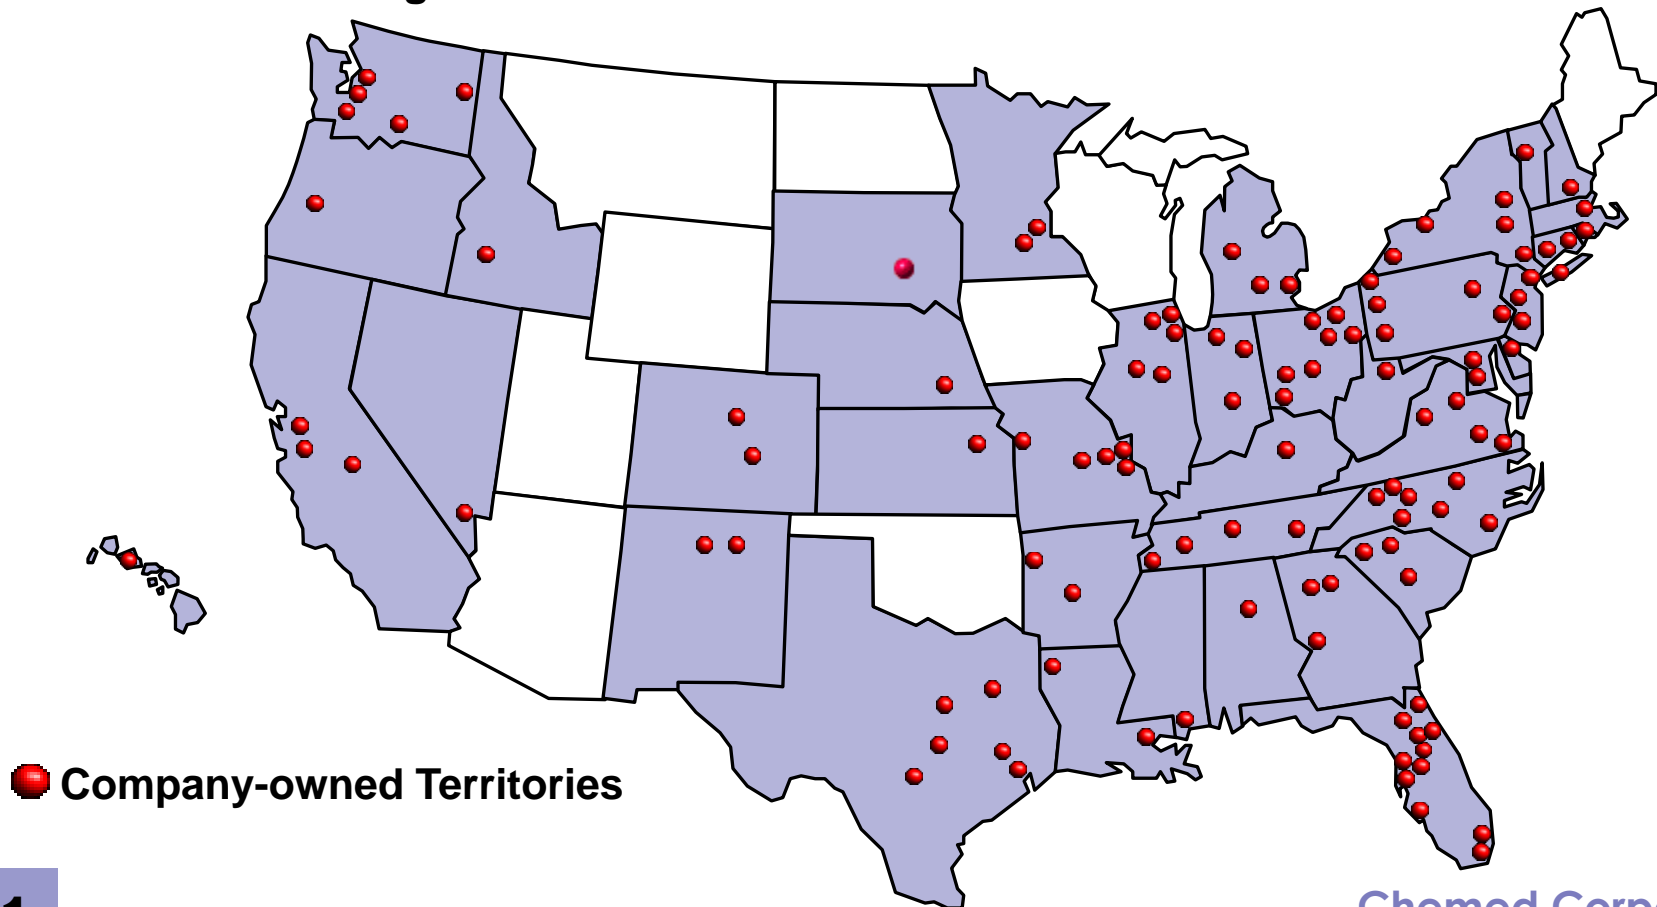

Roto-Rooter Company Overview

- ◆ Largest provider of plumbing and drain cleaning services in North America
 - ▶ Provides plumbing services to approximately 90% of the United States and 40% of the Canadian population
- ◆ Provides plumbing and drain cleaning services in more than 110 company-owned territories and over 400 franchise territories
- ◆ Maintains an estimated 15% of the drain cleaning market and 2% - 3% share of the same-day service plumbing market
- ◆ Residential customers represent approximately 60% of revenues, while commercial customers represent 30% of revenues

Chemed Growth Strategy – Roto-Rooter

- ◆ Continue to increase efficiency
- ◆ Acquire franchisee territories at reasonable valuations
 - ▶ \$175 - \$200 million in franchise street sales
 - ▶ Purchase at 4-5 times EBITDA
 - ▶ Minimal capital expenditure
- ◆ Focus on earnings and cash flow

Future of Roto-Router

◆ Continue to Consolidate Franchises

- ▶ Purchase at reasonable multiples
- ▶ Avoid over-paying for current acquisitions
 - Inflates expectations/demands of remaining franchisees

◆ Utilize Cash Flow for:

- ▶ Purchase of franchises
- ▶ Acquisition of hospices
- ▶ Debt pay-down, share buy-back, increased dividends

◆ Roto-Router Divestiture Considerations:

- ▶ If arbitrage of buying at low multiples is exhausted
- ▶ If after-tax proceeds can be reinvested at higher return, risk adjusted
- ▶ If Chemed's capital structure and cash flow without Roto-Router provide it significant flexibility to support continued growth of VITAS
- ▶ If tax-free spin-off creates stockholder value

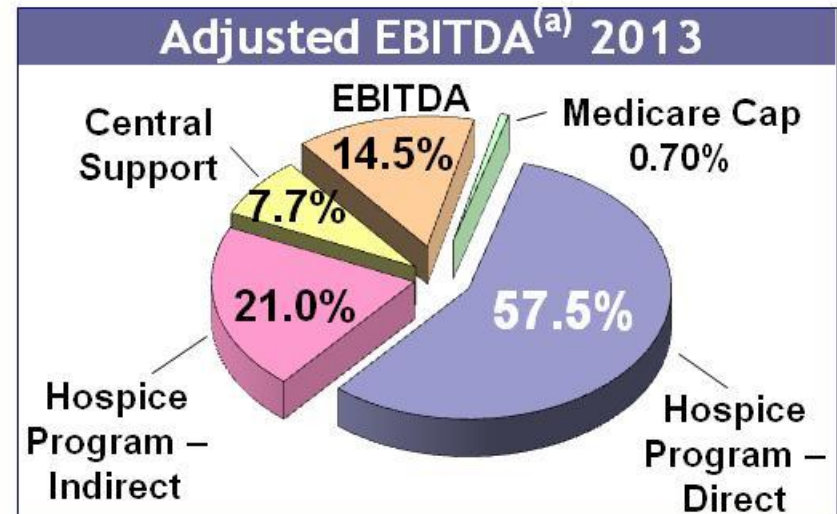

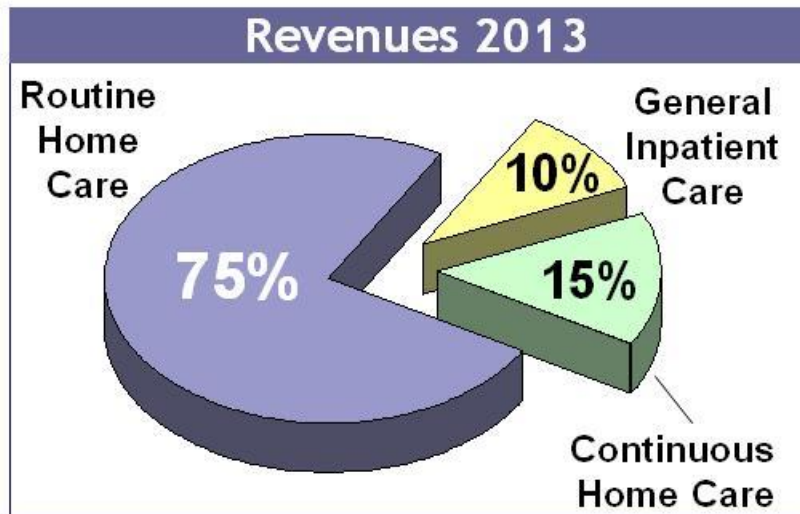

Innovative
Hospice Care[®]

VITAS[®]

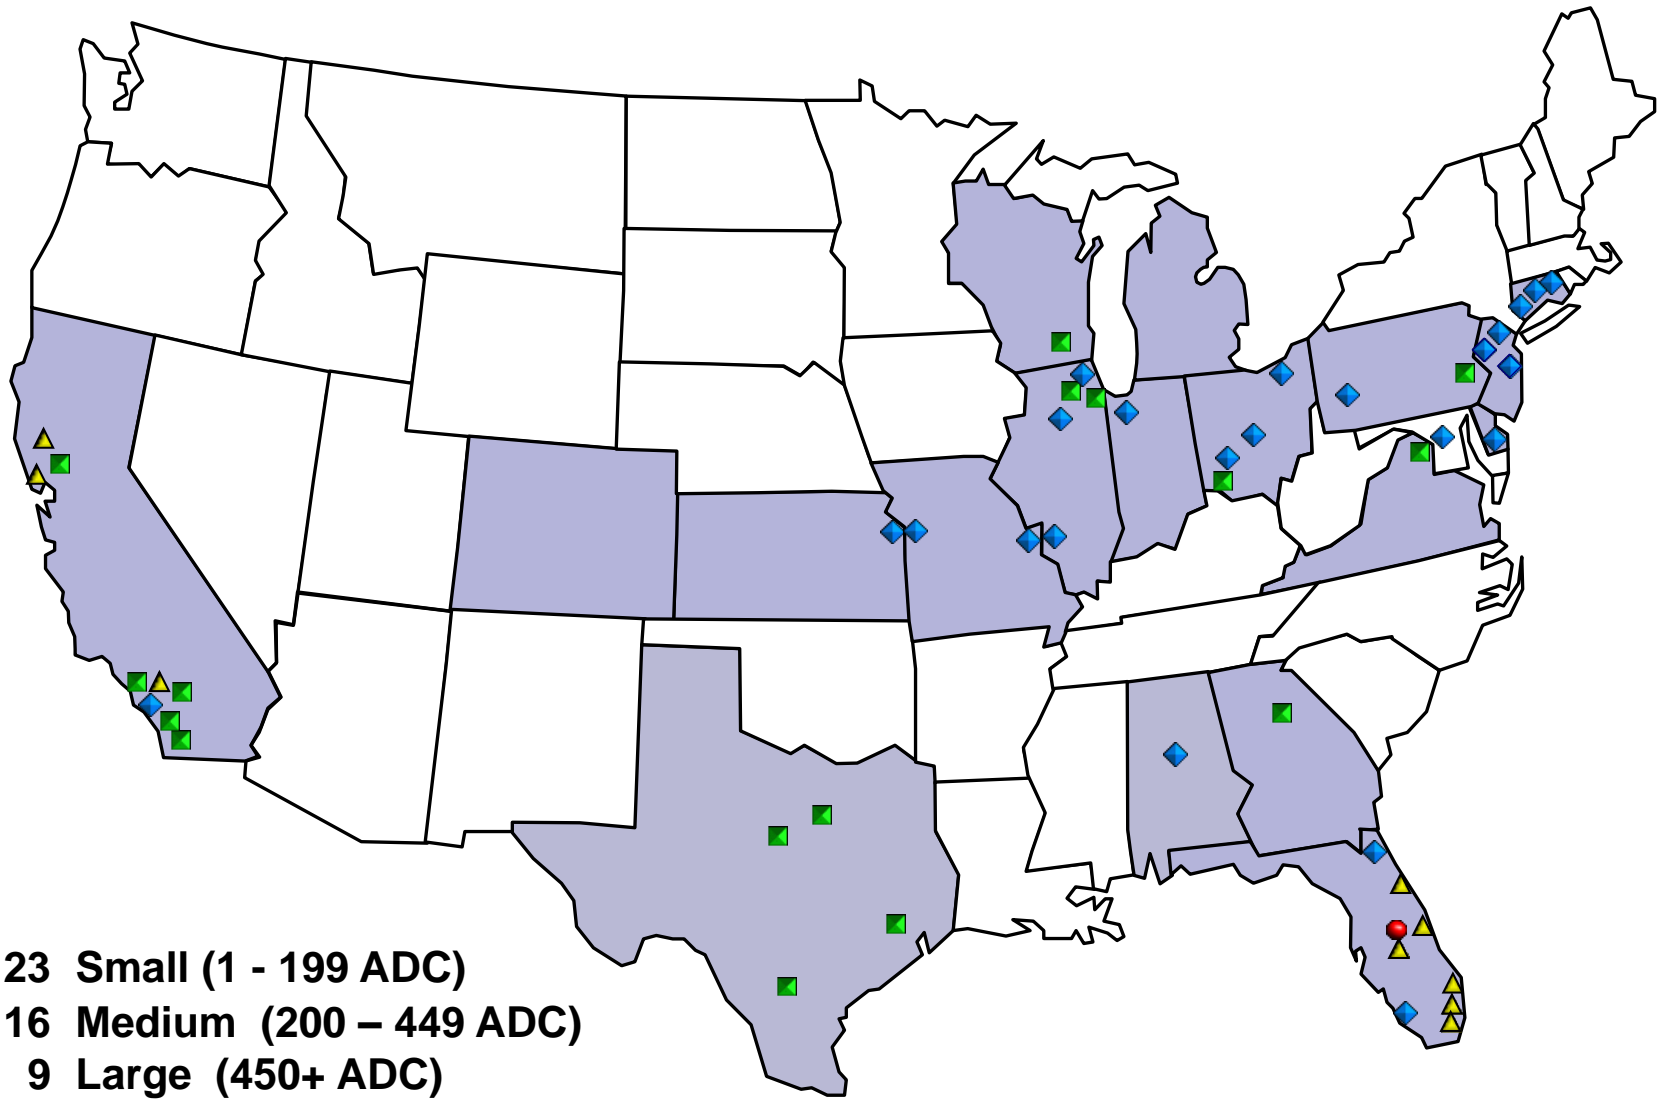

VITAS Healthcare Company Overview

- ◆ Largest provider of hospice services for patients with severe, life-limiting illnesses with approximately 7% - 8% of the U.S. market share
- ◆ Operates a comprehensive range of hospice services through 49 operating programs in 16 states and the District of Columbia
- ◆ Utilizes a standardized model for patient care which is intended to maximize quality and enhance patient satisfaction
- ◆ Operating statistics:
 - ▶ Service revenues and sales: \$265 million (Q3 2014)
 - ▶ Average daily census per established program: approximately 300 ADC, largest approximately 1,600 (Q3 2014)
 - ▶ Average length of stay: 83.7 (Q3 2014)
- ◆ Approximately 11,400 employees, including approximately 4,700 nurses (Q3 2014)

(a) See Appendix at the back of this presentation for reconciliation of EBITDA and Adjusted EBITDA to Net Income

(a) Reconciliation from GAAP reported results to adjusted (Non-GAAP) results is provided in the Appendix at the back of this presentation

Future of VITAS

Short-term

- ◆ Continue organic growth
- ◆ Acquisitions
 - ▶ Fragmented industry
 - ▶ Dominated by “Mom & Pop” not-for-profits
 - ▶ Average operating margin in hospice is 4% - 8%*
 - ▶ 50% of hospices have negative margin*
 - ▶ Economies of scale
- ◆ Access to reasonably priced capital critical to expansion

Long-term

- ◆ Government reimbursement structure will drive VITAS' future
- ◆ Consolidation
 - ▶ Will “pure play” dominate industry? ➡ Consolidation continues
 - ▶ Will continuum of care dominate? ➡ Acquire other healthcare providers
 - ▶ Self referral ➡ Divest VITAS to diverse healthcare provider
 - ▶ Control of patient
